Dear Principal and K-6 Teachers:

RE: Dental Health Teaching Kits

Public Health Services has Dental Health Teaching Kits available for teachers to borrow. The kits are based on lesson plans that support the Ministry of Education health education curriculum.

Each grade-specific kit contains a variety of dental health resources for children. A French dental kit is available upon request. Examples of the resources are:

- lesson plans – grade specific
- flip chart pages that support the lesson plan
- videos
- large set of teeth and toothbrush
- games
- books
- posters
- activity binder
- **free** toothbrushes
- take home information for parents

To book the kit, call Public Health Services Oral Health Program at **(306) 655-4462**.

The *Teacher's Resource Manual* is now available on-line at www.health.gov.sk.ca. Click on *Healthy Living*, then *Dental Health*. Under Related Documents, click on *Dental Health Education, A Teacher's Resource*.

The **T.A.L.K. More – Smokeless Tobacco** kit is also available. To book, call **(306) 655-4600**.

Sincerely,

A handwritten signature in cursive script that reads "Leslie R. Topola".

Leslie Topola
